TABLES

LEGEND

Icons represent the type of tops available for a specific table base. Top model #/U indicates umbrella hole is available.

ACRYLIC & GLASS

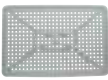

Our thick, resilient ACRYLIC table tops feature an attractive "hammered" textured pattern and are available on many Troptione® tables. They are weather and shatter resistant, making them as tough as they are stylish. When ease of maintenance, durability and safety are of concern, Acrylic tops are the ideal solution.

Our OBSCURE GLASS table tops are 3/16" thick and are tempered for strength and safety. The tops feature an attractive "hammered" texture which helps minimize finger prints and hide unsightly dirt.

ALUMINUM

Enjoy the artistry and elegance of aluminum table tops without the expense. BOULEVARD and LA'STRATTA PATTERNED ALUMINUM table tops complement our furniture collections. These aluminum outdoor table tops are the ideal table surface where cost-effective durability is required.

BOULEVARD (SB/U)			
LA'STRATTA (SL/U)			

STONEWORKS®

MATRIX table tops are made of glass-fiber reinforced polymer designed to provide a similar appearance to concrete and terazzo. The tops are commercial-grade quality, designed to resist fading and cracking.

ACCESSORIES

A nighttime photograph of a garden path. The path is paved with reddish-brown stones and is illuminated by warm, yellow light. On the left side of the path, there are several tall, white, tapered planters. Each planter is filled with a dense, dark green shrub. The planters are illuminated from within, creating a bright glow. In the background, there are several curved, dark arches that span the path. The arches are also illuminated from within, creating a warm glow. To the right of the path, there is a large, dense bush with green leaves and small, light-colored flowers. The overall scene is a beautiful, modern garden at night.
